## PLEASE RESPECT THE PROPERTY OF OTHER OWNERS

Do not ride ATV's or other similar vehicles off the roads and on other people's property. We only have the right to use the SNRA Roads. We cannot go off road on other people's property or the Monterey County cattle lease land. Please be respectful other owner's property as you would expect them to be respectful of yours. We may be out in the country, but we still need to be mindful of our neighbors. Thanks for your support.

## THANKS!!!

Each month we try to acknowledge those who freely give of their time and energy to support SNRA. SNRA has no employees. Everything is accomplished by volunteers who give generously of their time and talents. Many of the things we take for granted just wouldn't happen if it weren't for people like these.

### Thanks to :

- **Whit's Turn Tree Care** for the tree-trimming project.
- **Betty** for helping Sue during the transitioning of the work as Treasurer.
- **Russ** for all your hard work on the road work co-coordinating.
- **Cal Shasta** for paying for and installing a new motor on the fire trailer.
- **Carl and Jerry** for maintaining the gate.
- **Tim Kopack** for the T-shirt donations.

?? **Who have we missed??** There are surely others who are expending effort to support SNRA, with no expectation of reward. If you know of someone who has not been recognized, please give Brenda Brooner a call (312-3268), or email [cbrooner@aol.com](mailto:cbrooner@aol.com) so they can be included in this column next month.

### **Budget & Maintenance**

Russ Johnson reported; our four-year plan/goal has been completed. This year we completed the remainder of the work to be done to the Gage Irving road. Now we have switched to what is being referred to as a multiyear plan to maintain our roads. Each year we will continue to ask for a volunteer road committee that will walk the roads, establish a specific list for repairs and put those items in the form of a budget recommendation to the board to be voted on by the membership. Whit Tree Service has trimmed all right of way trees back 5 feet from the roads. Work can progress on the upper crossing when there is no water in the stream. This will be done between September 1 and November 15, 2013. The plan is to remove dirt, debris, base and cracked concrete and replace as necessary. Phil thanked Russ for the countless hours he has spent overseeing all the roadwork and the co-ordination between Fredericks and all the SNRA members traveling the roads during these various projects.

### **Fire Committee**

Leo Kennedy reminded everyone who is housing a fire trailer, please make sure it is working and full of water. If it has algae buildup please call Leo for instructions on how to remedy this problem. Cal Shasta has purchased and paid for a new motor for the fire trailer they are storing. Thank you Cal Shasta.

### Community Emergency Response Training C.E.R.T.

CERT is returning to Heritage Ranch. This is your opportunity to receive the training that is growing in popularity. The North SLO County CERT program is offering classes at Heritage Ranch beginning July 11, 2013 at the Heritage Ranch Rec Barn.

What if you dialed 9-1-1 and there was a busy signal? What if there was no dial tone at all? CERT will train you how to navigate your way through a home emergency or a major incident. Don't be a victim! CERT will teach you when and how to shut off utilities, the proper way to use a fire extinguisher and put out a fire, how to identify a variety of injuries and how to treat them, and how to lift heavy debris off a trapped person. These are crucial skills to have and own. You can use these skills in your home or in the community assisting others. Keep your family safer through the knowledge that you learn in CERT classes.

Classes are taught by professional First Responders and trained personnel. Students receive a CERT training manual, 12 hours of instruction and three hours of hands on training. Prior to graduation, all students receive a CERT equipment backpack with basic responder equipment including: a first aid kit, a hard hat, goggles, gloves, a utility wrench, a crow bar, a lumber crayon, caution tape, and a flash light.

Cost of the classes, including all the items mentioned above, is \$50.00 per student. Snacks and refreshments are provided at each class and a lunch is provided upon graduation.

Come learn how to prepare your home, gain basic First Aid skills, extinguish small fires, and protect your family.

Classes are held Thursday evenings, July 11, 18, 25, and August 1 from 6 PM to 9PM. The final class is Saturday, August 3, 2013 from 9:00 AM to Noon.
