

**EMERGENCY CALLING LIST** October, 2018 **See reverse for Fire Safety Information**

**Instructions For Fire**

In the event of fire inside Running Deer Gate, first **call 911**. Then call one person at the top of the list. If you can't reach either person, proceed to the lower levels, especially in the area closest to the fire, until you reach someone who will **call the rest of the list**. Or, you can do the calls. If you help to fight the fire please wear closed shoes and long pants. If you are hurt, firefighters must tend to you instead of the fire.

**Station people at intersections to guide emergency crews;** the fire crews who respond may not be local!

**CALL 911 FIRST!**

**Key**

- ♦ Fire Trailer Location
- ◆ Heavy equipment available
- ✱ Will open Cal-Shasta gate for access to helicopter pad

**Fire Trailer Locations:**

Running Deer: 7025 High Meadow Way, off Running Deer Rd.;  
5525 Whispering Pines Ln.

Cal Shasta: On Hendricks Ranch Rd near Gage Irving Rd.  
(under shelter just inside Cal Shasta gate)

Ranchos del Lago: Call Russ Johnson @237-8608 for location

**Use 4X4 full-sized ¾ ton p.u. or larger to pull water trailer.**

**Important Numbers:**

Templeton Sheriff Station: 434-4290;  
Las Tablas CDF: 238-4592;  
Poison Control: 800-222-1222;  
Oak Shores Rescue/Fire: 472-9548;  
Lake Rangers: 238-2376.

Additions or corrections to list, call Leo, 635-7074.

## BEFORE THE FIRE SEASON

- Make Cal Fire aware of any gate codes and provide them with keys or combinations to gate locks.
- Post your address in 6" high, reflective numbers. - Maintain 100' clearance of combustibles around buildings.
- Keep your water tank full. - Mark your 2½" wharf-head fitting with blue reflectors and keep it clear for access.
- Keep family medical information available (attached to your refrigerator door is best).
- Have your "go box" ready. It should contain medications, cell phone charger, insurance policies, important account numbers and passwords, irreplaceable items like picture albums, etc. Better yet, use a safe deposit box. More info is on websites. Go to [readyforwildfire.org](http://readyforwildfire.org) for advice on "firesafe" landscaping, emergency preparation, and firesafe building design and maintenance.

## IN CASE OF A FIRE

- **Call 911**; call people at the top of the Emergency Calling List (it's at [www.lakenacimientosouthshorearea.com](http://www.lakenacimientosouthshorearea.com).)
- Open the main RDR gate, Gage Irving (emergency exit) gate and other gates leading to the fire.
- Station people or post signs at intersections to help fire crews find the fire; responders may not be from local stations.
- If you are evacuating remember your "go box". Use Gage Irving Road out of Running Deer so firefighters can move equipment freely. Bring your gate key.
- If overtaken by fire stop in a clear area with windows up; stay in the vehicle as long as possible to save oxygen and protect yourself from heat.
- "Sheltering in place", staying in your home, may be best if your house is of firesafe construction and has 100' of clearance.

**Priority #1** is safety. Protect or aid people first. Try to avoid being downwind or uphill from a fire. Evacuate if necessary.

**Priority #2** is facilitating the entry of Cal Fire. Open gates; provide guidance at intersections; keep roads and fire access clear.

## WHEN RESPONDING TO A FIRE

### SAFETY FIRST!

- **Always wear** sturdy leather shoes, long cotton pants and shirt. Wear a heavy cotton jacket and leather gloves and bring a dry bandana to protect your face.
- **Bring drinking water.** **Bring tools** to fight the fire: McCloud, shovel, rake, hoe, etc.

**Water Trailer** locations are indicated on the Emergency Calling List. Conserve water: fight lighter fuels and work the perimeter. Keep fire away from heavier fuels. Don't soak the area; spray at the base of the flames.

### When you arrive at the scene:

- Leave **plenty** of room for fire equipment to get by. Treat all power lines as dangerous.
- Park away from the fire, not in grass or brush or uphill from the fire. Park so that you can escape in your vehicle rapidly.
- Plan an escape route to a safe area (preferably downhill) and rethink your escape route frequently.
- Be aware: stop often to **look up, down and around**. Tree branches or power lines may fall. Winds may shift dangerously or the fire may flare up again or jump to a new area. Bad terrain or embers underfoot may endanger you. Communicate with other firefighters. **Pay attention to your own fatigue.**

**When the fire department arrives, follow their orders.** They are now in charge of the scene. Do as they tell you. Remember: Cal Fire's #1 priority is human safety. If you are hurt you will take firefighters away from the fire. If you are prepared and follow the guidelines set above, your chance of being injured is decreased and this will allow Cal Fire to do their job of fighting the fire.

Other websites that should be visited for more information: [www.calfireslo.org](http://www.calfireslo.org), and [www.fscslo.org](http://www.fscslo.org) have house safety, landscaping and fire prevention ideas.
