

SNRA NEWS

Letter From The Editor

Thank you to the 112 SNRA members that participated in this year's vote!

As part of a Fire Wise Community, we are in the planning stages of a community education/social event that will feature first responders, community leaders and knowledgeable speakers addressing the unique safety needs of our lake community. The time/date are still to be determined. Keep posted for more information in the coming months.

Please don't let your guard down this winter when it comes to fire safety. Use the utmost caution when starting your first fire of the season! Make sure your heater is in good condition before you use it for the first time as well. See attached flyer for additional winter fire facts and tips.

PUT A THERMOMETER ON FREEZE WINTER FIRES

Home fires occur more in winter than in any other season. As you stay cozy and warm this winter season, **be fire smart!**

Half of all home heating fires occur in the months of

Keep portable generators outside, away from windows, and **as far away as possible from your home.**

Install and test carbon monoxide alarms at least **once a month.**

Have a qualified professional clean and inspect your chimney and vents **every year.**

Heating equipment is involved in **1** in every **7** reported **home fires** and **1** in every **5** home fire deaths.

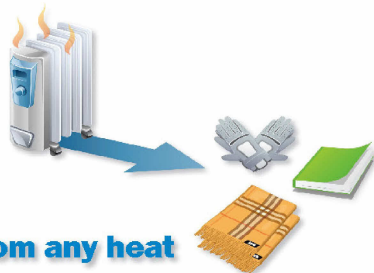

Store cooled ashes in a tightly covered metal container, and keep it outside at least **10** feet from your home and any nearby buildings.

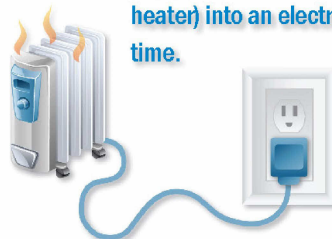

Keep anything that can burn at least

3 feet from any heat source like fireplaces, wood stoves, radiators, or space heaters.

Plug only **1** heat-producing appliance (such as a space heater) into an electrical outlet at a time.

Budget and Maintenance: The results of the Proposed Budget vote were given. For: 111. Against: 1. Leo Kennedy reviewed the road maintenance work that has been done over the year starting with extensive silt removal and reinforcement at Sandy Creek last fall. In May regular road maintenance (crack and pothole filling) and sand sealing was done on about 1/5th of the road surfaces. With the rest of the maintenance budget, extensive work on the upper and lower crossings was done once the creek dried up. He indicated the road committee will be looking at areas to work on this year. A couple of areas on upper Cow Camp Loop need work.

Fire Committee: Russ Johnson gave an update on the Fire Safe Council. He outlined grant proposals that have been submitted and how the funding is divided up in the area. Jerry Reese (RDR) reported on the Lake Nacimiento Fire Wise Community. They are planning an educational program for residents, followed by a lunch, bringing the community together to share ideas about fire prevention and safety. May 12th, 2019 was suggested as a possible date.

Chuck Enterline reported that the CalFire Tablas station is to remain open until Jan. 1, 2019.
